Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in restored comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

PARRY ON ROOSEVELT AND BRYAN.

Washington, D. C., Sept. 13.—D. M. Parry of Indianapolis has taken a cudgel to both William J. Bryan and Senator Albert J. Beveridge, for their views on the labor question as expressed in their debate in the Reader Magazine, and has prepared a keen and peppery article, in which he scores both for evasion, fallacious reasoning and truckling to the labor vote.

Mr. Parry handles both the Reader disputants without gloves. He says:

"The real labor question is whether men in an organized capacity shall (1) be permitted a special license to violate law and (2) whether they shall be granted special favors by government at the expense of the whole people. The unions assume the power to deny, by forcible means if necessary, the right of a non-member to work where, when and for what he pleases and the right of the employer to hire whom he pleases and to manage his own capitol as he sees fit under the law. Also the unions are particularly clamorous for special favor from government. The labor question is thus one imposed on the country by the efforts of organized labor to use its power in an illegitimate way, and it is this attempted abuse of power which occasions all industrial trouble and constitutes the entire capital-labor controversy. The real labor question has nothing to do with the right of labor to organize for legitimate ends, and when confining their efforts within the sphere of the lawful, the unions do in important ways serve the best ends of society.

"Do Mr. Bryan and Mr. Beveridge address themselves to the labor question as I have here stated it? No. They would not dare to do it. The union labor man is a voter—a very hard voter to please and still harder to keep pleased. But horror of horrors, if he isn't pleased there is the fatal roll of the political enemies of labor edited from day to day by Mr. Gompers. And if Mr. Bryan or our own dear Senator should get his name on that roll it would be cataclysmic. Could they tell the unions that when they strike, when they abandon their employment, their members should leave the place where they worked and not molest in any way their former employer or the man he hires in their stead? Could they tell them that their proposed class legislation could not be granted without virtually annulling the constitution of the United States and substituting in its place a code on the socialistic order? Of course not—that is they could not do it from the standpoint of public men. Hence we have a labor debate which in point of fact is mainly a rivalistic performance to see which can amear the political salve the deepest.

"But while Mr. Bryan and Mr. Beveridge evade the main issue they have much to say which requires an answer. It is only justice to Mr. Beveridge to say that his views are very much different from those of Mr. Bryan. Being a senatorial member of Mr. Roosevelt's Cabinet, Mr. Beveridge is somewhat on the defensive—it is largely his object to prove that the national administration is for labor, but in doing this he is careful to admit that labor is not exactly the whole thing in the universe and that as a matter of fact capital is also entitled to some consideration. This admission is well-nigh fatal from a labor point of view as was demonstrated in a recent interview in the public press wherein 'the most conservative' labor leader in the country adroitly takes the Senator to task by declaring with pointed emphasis that the labor question is the only great question and that all other questions such as tariff, finances, trusts, etc., mentioned by the Senator, pale into insignificance beside it. Clearly from the labor point of view, Mr. Bryan has utterly routed Mr. Beveridge in this debate.

"But Mr. Bryan being of the 'opposition' and exceedingly anxious that somebody else should become the 'opposition' has no annoying responsibilities to contend with and apparently no scruples in further advertising himself as an enemy of capital. Organized labor says: 'If we just had the right kind of laws nobody would be poor or have to work either,' and Mr. Bryan pats it on the back and says: 'You are on the right track, boys, I'm with you.' Organized labor further avers: 'The present laws are capitalistic laws and until they are changed we must have the privilege of violating them whenever we fight capital and its hirelings.' Mr. Bryan diplomatically replies: 'You are entitled to all the special privileges that government can grant you.'

Mr. Bryan favors the amendment of the law as to injunctions so as to except labor unions but still leaving the law apply to trusts and capital in general. Such an amendment can possibly mean but one thing, and that is the granting of a special privilege to the unions to commit crime. Mr. Beveridge, be it said, makes some sound remarks as to the injunction but in the wind up seems to favor some spirit of a 'compromise' with labor on the subject.

"Mr. Bryan and the labor leaders assert strenuously that labor is the all-important thing in the universe and that capital being inert and soulless is of small consequence. Destroy the present capital in this country and four-fifths of the people would certainly die of starvation. The labor would still be in existence when the capital was destroyed, but work as hard as it might, it would not be able to keep starvation for the majority at bay.

"Poverty ensues from the absence of capital—not from the absence of labor. This truth was further illustrated when Mr. Bryan brought out his 50-cent dollar proposition, for as will be remembered, a large part of capital at that time quit working and went into hiding while labor remained very much in evidence, the result being that soup houses had to be established to keep people from starving.

"I will now conclude by stating the really great question of the times, and it is hardly necessary to say that it does not agree with what Mr. Bryan and the labor leaders say is the great question. The problem of all problems before this country today is the protection of private ownership in capital from thieves, swindlers and socialists."

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, SEPT. 13, 1907.

THAT John D. Rockfeller will be reborn an angel without any memory of trusts or dividends, is the prediction of Annie Besant, president of the Theosophical society of the world, who is certain that when the oil king comes to earth the next time he will be as perfect as it is possible for man to be. She says:

Mr. Rockefeller has gone through life unscrupulously. He has wrecked fortunes to make his own greater. He has made widows and orphans paupers. He is cursed because he has worked for self. But there is another way to look at a man of that character. He has developed an enormous mind. He has a wonderful power of mind and will have a great power over his own body. To accomplish the thing he has done he must go through great labor and fatigue. If death was the end he would indeed be an ugly product. But when the body dies the mind lives on. His mind will keep on reasoning, and, after the physical man is dead, he will realize what he really has done. He will find he did not use the methods which would make mankind happy. And so when his mind comes back reincarnated it will be with all of the good and with none of the evil of his past incarnation.

Unfortunately the oil king is to appear to another generation, and after the one with whom he has played such havoc shall have passed away. He will therefore make to it no restitution. The "prophetess" is silent as to the future experience of the victims of the corporation Mr. Rockefeller represents. Are they to have no reward for their patience and long suffering?

THE National Baptist (negro) Convention opened in Washington on Wednesday with a large attendance of delegates from all parts of the country. Rev. E. C. Morris, of Helena, Ark., president of the convention, in his annual address said that despite a few agitators who advocate social intermingling of the white and black races, all intelligent, thoughtful negroes are unalterably opposed to any such doctrine, and stand rather for the absolute separation of the races on social lines. They believed, he said, that this can be done without in the least curtailing any of the civil or political rights of any man, and to amalgamate would destroy the identity of the African race on this continent. He urged that negroes remain largely in the South, particularly in the country districts. There are many sensible colored men in the country, but few of whom, however, occupy prominent positions. The advice of Rev. Morris is good. He knows that the best place for the colored race is in the South and that the best friends the colored people have are the southern white people.

GENERAL OLIVER, acting Secretary of War, has issued an order that will probably cause a commotion in New York, his home State. It provides for the relief of a number of regiments that have been serving in the Philippines for more than the full allotted term of two years, and the point of interest is found in the fact that included in the returning organizations is a negro regiment—the Twenty-fourth Infantry, which regiment it is proposed to assign to the various posts in the State. Protests against sending the colored troops to northern posts, it is said, are already being received at the War Department.

IT WILL cost the government about $1,000,000 to supply the ships with coal for the proposed Pacific cruise of the battleships of the Atlantic fleet. The Bureau of Equipment of the Navy Department has issued an advertisement asking for bids for supplying 133,000 tons of coal, to be delivered at ports from Trinidad, on the north coast of Venezuela, around to Mare Island, the naval station near San Francisco. And what good is to be accomplished by this big expenditure of money is not made known to the people.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 13.

The War Department announces that no protests have been received from Watertown or Buffalo, N. Y., against the project of the War Department to station at Madison Barracks and Fort Ontario the colored troops of the 24th Infantry on their return from the Philippines next March and it hopes none will be made. Acting Secretary of War Oliver, himself a New York man, in discussing the matter today, declared that the department knows no color line in making its assignments of troops. He said black regiments are better disciplined as a rule than the white regiments and that there are more re-enlistments among them.

Brigadier General G. B. Davis, a member of the American delegation, has advised Major Porter, acting judge advocate general of the army, that the Hague peace conference will end September 29, and that the protocols will be signed the day following. Questions in which the United States is particularly interested are nearing completion.

There will be a hot time on the "War Path" tonight, if the boat which left here today with fifty local newspaper correspondents reaches the Jamestown Exposition on schedule time. Their wives will be with them all the time however. The party will be guests of the management for four days.

Secretary Victor H. Metcalf, of the Navy Department, returned to Washington this morning from a combined business and vacation trip of ten weeks on the Pacific coast. The Secretary declined to confirm or deny rumors of his impending resignation from the Cabinet, declined to discuss the movement of the Atlantic fleet to the Pacific coast, which was originally officially announced by him in his home in Oakland, Cal., July 4th, declined to say what is the real purpose of the fleet's cruise, how long it will remain on the coast or by what route it will return. In the meantime preparations for sending the fleet to the Pacific are being hurried. Although it is officially termed a "practice cruise," and the statement is made that the presence of the ship in the Pacific ocean will be only temporary, the government is taking no chances. Following the old adage, "In time of peace, prepare for war," both the State and War Departments are cooperating with the Navy in the Pacific matters.

The Peoples' Rule Branch of the American Federation of Labor, today issued a public letter to Secretary Taft. It criticizes him for his attack upon the system of initiating and referendum in his recent speeches at Columbus and Oklahoma and inferentially charges the secretary with bad faith.

The tariff commission will sail on September 17 for Europe to examine into matters of foreign exports, markets and market values as they affect the Treasury Department.

The director of the census announces the census of the proposed State of Oklahoma to be 1,408,732 an increase of 78 per cent. since the census of 1900.

The Weather Bureau reports that the weather will continue general tonight and Saturday in the east and south, but somewhat warmer in the Ohio Valley, lower lake region, and the middle Atlantic States.

THE RED MEN.

The great council of the Improved Order of Red Men adjourned sine die at Norfolk yesterday, deferring to the next session at Bridgeport, Conn., the question of reducing the appropriation to the official organ, the reduction of State representation, and the question of increasing the per capita tax, three questions about which the order is divided.

For purposes of retrenchment, the council voted to reduce the mileage to members of the great council after this session from 10 to 8 cents, to abolish the standing committees on revision of laws and ceremonies, to reduce the allowance in traveling expenses to the great incohonee for the propagation of the order from $4,000 to $1,500, to increase the per capita tax from 10 to 15 cents on all tribes in territorial jurisdictions, and otherwise reporting direct to the great council. An effort to likewise increase the per capita tax on all tribes reporting to great or State councils, and through these to the national body, with a 5-cent increase on members of the female branch, was finally defeated.

A proposal to prohibit the establishment of orphan homes by State great councils and a concentration in one national home under the control of the great council was defeated.

EABLE EGGED.

After being egged by an angry crowd of neighbors in Monroe, N. Y., Ferdinand Pinney Earle, the artist, who says he is the spiritual complement of Miss Julia Kuttner, has returned to New York and and is again with his mother. Earle, who for several days had not ventured to return to Monroe in the face of the threats of tar and feathers, went there on Tuesday with his mother. Then he heard that tar and feathers was still talked about the village, and Wednesday night he made for the station to get a train for New York. It was twelve minutes late, and during that time a crowd twice bombarded the artist with eggs, once when he emerged from the station, mistaking a freight for his train, and again when he boarded the right one. One or two of the eggs broke on Earle, whereupon taking a bullet from his pocket, he said: "This is what you ought to have." He had no weapon, however. Earle shook the dust of New York off his feet, yesterday morning. It was said at the home of Mrs. Earle that Earle and his mother were believed to have gone to the New Hampshire habitation of Miss Kuttner.

A local passenger train of the Southern Railway was derailed near Tyronic, N. C., Wednesday night, and 12 persons injured, two seriously. The tender of the engine, the mail, baggage and express cars were turned over and three coaches left the tracks. The cause is not known.

News of the Day.

Walter Wellman has arrived at Tromsoe, Norway, on board the Fiblerth and announced definitely that his trial trip to the north pole has been declared off for the reason.

The bottom dropped out of Copper shares in New York today and Amalgamated reached a new low record for the year by falling to 58, three and three eighths points below yesterday closing.

The pardon board today refused to parole Paul O. Stensland, wrecker of the Milwaukee Avenue State Bank at Joilet, Ills. The board gave out a statement that Stensland must serve his full term, and refused further to discuss the case.

Dr. Willis James, of the stock brokerage firm of Phalps Dodge & Co., at New York, died today at the Mount Washington Hotel in the White Mountains. He was a victim of heart disease. James was a First National and Northern Pacific director and an official of many railroad, mining and financial concerns. He was born in Liverpool in 1832.

Because he had been whipped by his father and ordered to return to work, Andy Siabo, a Hungarian boy, twelve years of age, committed suicide in Morgantown, W. Va., yesterday, by shooting himself through the heart with a shotgun. The boy's father became violently insane when he heard of the deed, and made four unsuccessful attempts to kill himself.

Chas. G. Burton, of Nevada, Mo., a former member of Congress, was yesterday elected commander-in-chief of the Grand Army of the Republic, which is holding its encampment at Saratoga N. Y. He was opposed by Gen. T. Wilder, of Knoxville, Tenn.; Charles Burrows, of Rutherford, N. J., and Patrick H. Coney, of Topeka, Kan.

Mrs. Mollie Leads was shot and killed by Walter L. Frazier, in Fredrick, Md., yesterday. Frazier then killed himself in the same manner. Mrs. Leads was forty-five years old. She went to Frederick about 10 years ago from Leesburg, Va. Frazier was thirty-six years old, and a son of the late George W. Frazier a well-known merchant of Frederick. The motive of the double tragedy has not been discovered.

Charles E. Letten, chief clerk in the office of the first district tax collector of New Orleans, who disappeared two days ago, leaving a shortage of over $100,000, was discovered yesterday on the bank of the Mississippi, attempting to summon up courage enough to jump in the water and commit suicide. He said he had spent most of the money on a negro woman, who lives in a handsomely furnished house in the old French quarter of the city.

An annoymous letter received at Bellingham, Wash., Wednesday warns all Japanese and Chinese in that city to leave at once. Japanese working at the canneries have armed and say they will resist any attempt to force them out of town. The Chinese however will not make a strong stand. E. B. Deming, general manager of the Pacific American Fisheries, says if the Orientals leave the salmon canning industry is doomed, as the Japanese are being persuaded to affiliate with the labor unions.

Police of every precinct in Washington scoured that city last night in search of Mrs. Ada C. Smith, (nee Padgett), a young and beautiful woman, who quit her home at 1219 C street northeast yesterday afternoon, leaving a note to her husband saying that she knew she had wronged him and that she was going to kill herself when night fell. Forrest G. Smith, the husband, who is associated with Chandlee & Chandlee, patent attorneys, at 906 F street, northwest, rushed into police headquarters at 10 o'clock last night to ask the assistance of the police in finding his wife and preventing, if possible, her carrying out her purpose.

PASSING OF THE STRIKE.

The striking telegraphers in New York were in a state of great excitement yesterday, owing to a report that the strike was to be settled next Tuesday.

Whatever way the strike is to end, it appeared evident yesterday that it will not last much longer, and that it may be called off any day. Statements of various kinds were made by Strike Leader Russell and his colleagues. Russell disclaimed all responsibility for sending out the rumor, but said it was true.

Belvidere Brooks, eastern superintendent of the Western Union Company, said that any reports of a possible compromise or settlement with the strikers were absolutely false.

"There are no influences outside or inside that will make us recognize the strikers," he said. "The strike leaders said that the board of directors would stir up things and end the strike. The board met and indorsed the position taken by the officials, as did also the executive committee. We have received no committee representing the strikers, and will receive no committee or intermediary from them. We do not care whether they declare the strike off or not."

The strikers have not been aided financially by the American Federation of Labor, and have no money to look forward to.

COMMISSIONERS OF REVENUE.

Attorney General Anderson has prepared an answer to the petition of John S. Barbour, of Culpeper, who asks the Court of Appeals to issue a writ of prohibition against Judge Grimsley, of the ninth circuit, to prevent the judge appointing a commissioner of the revenue. Mr. Barbour, as heretofore stated in the Gazette, attacks the constitutionality of an act that vests the State judiciary with power to appoint 1,000 or more officers of varying degrees of importance. His main contention is that a court cannot exercise legislative, executive, and judicial functions.

The attorney general, in his answer, says the judge in making such appointments does not exercise the powers of more than one of the departments of government at the same time; that neither the judge nor the court is exercising judicial functions in the act at the time of making such appointments, for the statute (merely for convenience and a proof of the confidence in the judiciary) confers upon judges a power and duty not strictly in their capacity as judges, but as officers upon whom the general assembly deemed it wise to devise this power of appointment.

The decision of the court is awaited with keenest interest by officeholders all over the State.

Virginia News.

Joseph Harnsberger died at his home, in Brentsville, yesterday, of heart trouble. He was a prominent citizen.

The Government Pier at Jamestown will be turned over to the exposition and dedicated Saturday, September 14, at 6:30 o'clock. The exercises will occur on the great arch.

Miss Helen W. Latane, of Tappahannock, and Robert Lewis, of Woodville, Miss., were married at St. John's Episcopal Church yesterday, the ceremony being performed by Rev. Mr. Burks, of the Upper Essex parish.

The secretary of the commonwealth yesterday paid into the State treasury $132.50 for taxes and fees on seals, commissions, charters and automobile registrations, the money representing the collections for the month of August.

Marriage licenses were issued in Washington yesterday to Robert H. Jeffries, of Ballston, and Eleanor L. Goode; Charles H. Moore and Meta V. Burke, both of New Market, and to Russell H. Brown, of Culpeper, and Marie C. T. Hudson, of Winston.

Mr. Wm. H. Stiff, of the State of Illinois, formerly of Middlesex county, and Miss Mary Brockenbrough Quisenberry, daughter of Mrs. Emily Fitzhugh Quisenberry, of Port Royal, Caroline county, were married Thursday at the home of the bride, at Port Royal.

The police authorities in New York City have waived their claim on Miller, the alleged baggage thief arrested in London day before yesterday, and the man will be brought to Virginia for trial, either in Richmond or at Orange Courthouse, there being indictments against him at both places.

T. J. Cahill, one of the best known railway conductors in the State, died in Roanoke yesterday morning, from internal injuries, received in a rear-end collision at Lurich Sunday morning. He had been railroading since 1873, when he began with the Virginia Midland, now the Southern. He was a native of Lynchburg and is survived by his wife and five children.

W. B. Patterson, a bugler in the United States navy, was the murderer of Agrippa Jones, who was found dead last Monday in the rear of a saloon in Norfolk according to his own confession made to the police yesterday. Patterson says that he did not intend to kill Jones, but to knock him out for the purpose of robbery. Jones had $40, the most he ever had in his life, earned as death watch in the city jail. This he indiscretely displayed. Patterson is twenty-two years old. He recently enlisted in the navy from Pennsylvania. His chief fear is that his mother will hear of his trouble.

TRAIN ROBBERY.

General Manager Eliott, of the Great Northern Express Company, announced yesterday that the Great Northern Oriental limited train No. 1, which left St. Paul Tuesday morning, was held up by two masked men six or seven miles west of Rexford, Mont., at an early hour yesterday morning. The robbers crawled over the tender and at the point of their guns commanded the engineer to stop the train. They then ordered the engineer to go back with them to the express train, and instructed him to tell the express messenger, mail clerk and baggagemen to go back into the coaches.

While this was being done the robbers kept up a continual fusillade with their guns to terrify the passengers and keep them within the coaches.

After the messenger, baggageman and mail clerk had left their cars the robbers went throught the mail cars and robbed the sacks of a large quantity of registered mail. Then they went into an express car, which carried an overflow of mail, baggage and express and which contained a regular through safe.

After exploding three charges, the safe was opened and found to be empty. The robbers did not enter the regular express car in which the messenger had been riding.

On finding the safe empty the highwaymen helped themselves to the registered mail and after firing a parting volley disappeared.

AUTOMOBILE HORRORS.

President John Runnette, of the Metropolitan National Bank, of Pittsburg, Pa., is dead, and Dr. M. C. Cameron, a prominent physician of that city, is seriously injured as a result of the latter's automobile coming into collision with a telegraph pole late yesterday. The men were running at a good rate of speed, when the steering gear broke, and Dr. Cameron lost control of the machine.

Four Cleveland, Ohio, men were burned and otherwise injured yesterday afternoon in the "sealed bonnet" automobile contest, and the car was wrecked.

In rounding a sharp curve one of the tires came off, and the car ran into a telegraph pole. The gasoline tank caught fire and the men were badly burned.

Tom Hardesty, a young millionaire; Amor Sharp, and John Aumiller were injured in an automobile accident at Columbus Ohio, yesterday, the latter two seriously. Mr. Hardesty, who was driving, sent the automobile into a tree at a sharp turn on the street.

The casualty lists in the recent army maneuvers in Prussia were largely made up of the names of persons killed or wounded by volunteer military automobilists. Sixty members of the Imperial Automobile Club of Berlin took part in the work of carrying dispatches around the country side, mostly in high powers cars, driven at far beyond the ordinary speed. They killed three persons outright and injured fifty.

New York Stock Market.

New York, Sept. 13.—The force of the downward movement in progress yesterday afternoon had direct influence in inducing bear plungers to throw stocks on the market As a result of this selling losses were sustained all around the room in the first hour, with Amalgamated Copper, Smelting and Steel common the most severe sufferers. The most direct bear drives were made at Steel common, which was sold and offered down to 28 against 29¾ at close yesterday. Amalgamated after a weak opening and a rally to 60¾ dropped to 58¾. The market continued to show a hardening tone after the first hour and recoveries were noted all around the room.

Today's Telegraphic News.

Lusitania Fails to Break Record.

Sandy Hook, Sept. 13.—The Lusitania spoke us at 7 a. m., five minutes after having passed Fire Island.

She crossed the bar at 9:05 and left quarantine at 10:38 and reached New York shortly before noon. The Lusitania was greeted by hundreds of whistles and a great crowd had assembled at the Cunard and neighboring piers.

The Lusitania's masts were dressed in code flags and the naval reserve flag flew from the stern. The ship brought no cargo and it is said will carry none.

While official figures are as yet lacking it is positive the Lusitania beat the Cunarder Lucania's time from Queenstown to New York four hours and 18 minutes, covering the distance in five days, two hours and five minutes.

The Hamburg Liner Deutschland still retains its record, however. An exact comparison is impossible, the starting point of the two voyages being different, but it is estimated that the Deutschland covered the same distance as the Lusitania in five days one hour and thirty-five minutes.

The Deutschland's best day's run was 601 knots; the Lusitania's 531.

The Lusitania was frequently delayed by fog, however, and made up for these delays by tremendous bursts of speed when the weather was fair.

While the Hamburg-American Liner Deutschland stills holds the high average of 23.15 knots hourly, however, as compared with the Lusitania's 22.87, the latter beat the Lucania's Queenstown time by five hours and fifty minutes.

London, Sept. 13.—All England is disappointed. Every one here had counted on the Lusitania breaking all trans-Atlantic records and wresting the blue ribbon of the seas from Germany.

Consolation is being found for the Lusitania's failure to wrest the honor from the Deutschland in the fact that the Cunarder was not pressed to her limit. It is believed she will show a startling increase in speed in future voyages.

The Lusitania is 790 feet long, 88 feet breadth, sixty feet moulded depth, has a gross tonnage of 32,500 tons and a displacement of 45,000 tons. Her load draught is 37 feet six inches, her funnels, with a diameter of 24 feet, are 155 feet high. Nearly three years, were required to build her. She was launched June 7 of last year at the John Brown shipyard, Clyde Bank, Scotland. The Lusitania has nine decks and is fitted out with 175 water-tight compartments. Some 26,000 steel plates were used in her construction and to fasten them in place 4,000,000 rivets were driven in place. She carries three anchors, each weighing ten tons, and every link of the three anchor chains weighs 150 pounds. Every effort of the builders has been made to make the Lusitania as little like vessel as possible. The term floating hotel seems most appropriate. Accommodations are provided for 550 first class and 600 second class and 1,300 third class passengers. A crew of more than 800 is carried. On her trial trip the Lusitania consumed an average of 45 tons of coal an hour, a rate which would require about 5,500 tons for a trans-Atlantic voyage.

Investigating Suicide.

New York, Sept. 13.—Today's inquest into the suicide of John E. Trommer, the 26 year old head of the Evergreen Brewing Company, of Williamsburg, may reveal the name of the young woman for whom the young millionaire is believed to have taken his life.

Trommer's relatives expressed determination last night to keep the girl's name from the case but the coroner is said to believe the full knowledge of the suicide through investigation should be made.

The story is that Trommer had loved the young woman from childhood, became engaged to her and was finally compelled to consent to the breaking of the engagement because the girl's mother believed he was attentive to other women.

Locking himself in his home on Linden avenue last night he turned on the gas and plunged a carving knife twice into his breast just above the heart. His family was away from home and he died alone. The body was not found until 10 o'clock when a servant returned to the house after an afternoon and evening's outing.

The Stranded Yacht Standart.

St. Petersburg, Sept. 13.—Czar Nicholas will personally conduct the investigation to fix responsibility for the stranding of his yacht, the Standart, off Horsoe, Finnish coast.

From the deck of the dispatch boat, Asia, on which the czar and family took refuge when it became evident that the Standart was probably doomed, Nicholas watched the rescuers at their work almost all last night.

Owing to the strict censorship it is impossible to say how much faith his majesty puts in reports that members of the crew ran the yacht on the rocks intentionally.

Discharged Pistol at Automobile.

Owensboro, Ky., Sept. 13.—Joe Ruexer, a farmer, has been indicted on a charge of firing a pistol at an automobile containing Mrs. J. C. W. Beckham, wife of the governor of Kentucky. Mrs. Beckham, a former Ownesboro girl, was here visiting. She took some of her friends out in the machine. While crossing a bridge the party was held up at pistol point, it is charged, while Ruexe, denounced autoists. When he let them go he fired several shots after the party, it is charged.

Challenge for America's Cup.

Dublin, Sept. 13.—The Royal Irish Yacht Club this afternoon notified the New York Yacht Club that a challenge for a series of races for the Americas' cup will be mailed on the Umbria tonight. The races are to take place next year off Sandy Hook. No particulars will be given out by the Dublin Club until after the reply of the New York Yacht Club is received. It is understood the challenege comes from Sir Thomas Lipton.

Race War in Georgia.

Fitzgerald, Ga., Sept. 13.—Local militia is holding back the mob which threatens its second attack within 24 hours on the negro quarters here.

Yesterday's attack on the negroes was repelled by the sheriff and his deputies after so desperate a struggle that it was deemed dangerous to leave the situation in the hands of the civil authorities alone today.

Despite the arrest of twenty-seven of yesterday's rioters the mob leaders are more active than ever and a clash with the militia is momentarily expected. The negroes dare not stir outside the militia lines. Governor Hoke Smith has been notified of the danger.

THE CZAR'S YACHT.

At the time the yacht Standart ran on the rocks near Hangoe, Finland, Emperor Nicholas and his family were at dinner in the dining saloon. The Standart was making 15 knots an hour, and when she struck the reef all the tableware crashed to the floor and the lights went out. The children began crying but neither the emperor nor empress showed any excitement. They remained calm and quieted the children. His majesty did not leave the ship until he was driven away by the inrushing water.

The Standart is still on the reef. Her bottom is badly torn forward, and amidships there is a rent 42 feet long. The luxurious saloons, the imperial suite and the edgine-room are flooded.

M. Blomquist, the chief pilot of the Hango district, was piloting the Standart when she ran on an uncharted rock in the middle of the passage off Horsoe, on the west coast.

Though it has been suggested that the accident to the Standart was due to members of her crew, who purposely ran her on the rocks, it is claimed in naval circles that the disaster was due to the narrowness of the channel between the islands of the Finnish archipelago near Hangoe.

MARYLAND DAY.

Yesterday was Maryland Day at the Jamestown Exposition. The throng was next the record established the day President Roosevelt was at the exposition, the attendance being about 45,000. Addresses of welcome were made by President Tucker, of the exposition, and Governor Swanson, of Virginia. Responses were made by United States Senator Pinkney Whyte and Gov. Edwin Warfield. A military pageant on the Lee Parade Grounds participated in by federal and Maryland State troops, was reviewed by Governor Warfield.

A feature was the presence of Col. James R. Randall, of Baltimore, author of "Maryland, My Maryland," who made an address.

A reception was tendered Governor Warfield by Governor and Mrs Swanson at the Virginia Building, and Governor Warfield held a reception at the Maryland Building.

We have received with the compliments of F. Morris Murray, of this city, a copy of Souvenir Views, negro enterprises and residences, Richmond, Va. It is a neatly printed little booklet, finely illustrated, and containes much valuable information.

Six hundred officers of the army are now serving on detached service, according to statements made at the War Department.

The French La Province reached New York today, having broken a real record. She made the passage from Havre, a distance of 3,140 miles, in six days, 1 hour and 30 minutes, an average of 22:08 knots an hour.

THE MYSTIC SHRINERS.

Fifty members of Acca Temple, Mystic Shriners, of Richmond, ate their breakfast at the Elkton this morning.

They were on their way home from Front Royal, where they went yesterday to send a class of forty pilgrims over the "hot sands."

The Richmond party was chaperoned while here by Mr. E. E. Downham, and was in charge of Potentate George Hooper, of Richmond.

The travellers enjoyed their feast, and caught the 9:21 train for Richmond, after a trip through the city on the trolley cars.

The occasion at Front Royal was notable because it was the first taken to that section of the State, and the class of "pilgrims" was unusually large. Among the party was Captain John Hooper, of the famous Acca Patrol. He had with him a detail of patrolmen who did their work at Front Royal with consummate skill, and amidst the plaudits of the large number of Shriners from various sections of the State.

Among the candidates was Mayor Waller, of Front Royal. He is reported to have made a fine candidate, and to have successfully crossed the sands

Before the meeting at Front Royal the ladies of that delightful town served the Shriners with a delicious supper consisting mainly of the famed ham, mutton and chickens of that section in addition to the "luxuries" which go with a Shrine spread.

The Alexandria delegation embraced about forty persons, among them several "pilgrims," who will for a few days, have to eat their meals from the mantel, and pay the penalty to Capt. John Mayer, treasurer, of Richmond.

The musical contingent was worthy of mention. It was headed by Col. "Tom" McAdams, of the Merchants' Bank, Richmond, who was assisted by Major Samuel Atkinson, of the Richmond Hotel; Lt. Chas. I. McKee, manager of the Bijou Theatre; Charles Kohler, Horatio Wright, George Schoen, the Ragland brothers and Fred Krengle. They sang popular songs most of the time between Richmond, Washington, Front Royal and Alexandria.

In the Richmond party were; George J. Hooper, potentate; H. Theodore Ellyson, George Schoen, John F. Mayer, John H. Hooper, A. E. Bartholomew, A. McA. Parker, A. I. Schleiser, H. S. Wright, C. B. Fitzwilson, H. W. Tyler, O. V. Shomo, S. T. Atkinson, B. W. Ragland, Charles Kohler, H. W. Melton, Fred Krengle, S. B. Drinard, Oscar P. Hord, L. E. Harvie, J. F. Ragland, A. W. Baker, V. W. Ragland, Harry Tucker, C. I. McKee, and Thomas McAdams.

WORKMEN DISCHARGED.

Every department of the Southern Railway shops at Spencer, N. C., the largest on the system, received notice yesterday afternoon of a reduction in the force, and after today there will be upwards of 100 men less at work. Fifty-four car men, representing a reduction of $80 daily; thirty-seven machinists, paid $100 and more, and enough from all the other departments to make a mammoth subtraction from the payroll were given notice of their temporary suspension.

About sixty machinists, boilermakers and other mechanics employed at the Southern Railway shops in this city were furloughed yesterday. These men comprise over 80 per cent. of machinists and about 25 per cent of the car repairers.

Mr. O. B. Acker, passenger agent of the Southern Railway in Washington, denies that adverse legislation is the cause of the reduction of the men at Spencer. He said that there is nothing unusual in the discharge, as the number of men employed during the past ten months has been very large and it was necessary to lay off a few of them because of the fact that work at the present time is a bit slack. He said that the men will probably be needed and taken back again soon. Some, however, say that the passenger and freight business of the road is at high tide, while the demands upon the road are believed to be increasing.

ALEXANDRIA HOSPITAL DAY.

Tomorrow will be Alexandria Hospital Day at Luna Park, and should the present fine weather continue a large attendance is expected during the day and night at this popular resort. The proceeds will be devoted to the Alexandria Hospital. A pleasant way of contributing to the hospital will thus be afforded those who realize that the hospital is one of Alexandria's most valued institutions. Between 2 and 5 o'clock in the afternoon all the amusements will be thrown open to the children. A number of additional cars will be run from this city and Washington for the accommodation of the public.

SUIT OVER WILL.

A suit was entered in the Circuit Court today by S. H. Beach et als. against Helen C. and Lucy T. Cranford to ascertain by a jury if the papers admitted to probate September 16, 1905, as the last will and testament of John S. Beach, is the true last will of the testator. Mr. Beach, it will be remembered, left an estate valued at about $80,000 to Mr. N. S. Greenaway in trust for the Misses Cranford, the aunts of the deceased. Messrs. C. C. Carlin and S. G. Brent represent the complainants and Messrs. J. R. & H. B. Caton and Messrs. Norton and Boothe the defendants.

DEATH OF THOMAS DIX.

Mr. Thomas D. Dix died at 11:30 o'clock last night at the Alexandria Hospital, as a result of injuries received last Monday, when he fell beneath a moving train in the Potomac yards and had his right leg crushed. The deceased was 60 years old and for many years an active member of Osceola Tribe of Red Men and was also a member of the James W. Jackson Council, Junior Order of Mechanics. He is survived by a widow. Mr. Dix was for a long time driver of the Hydraulion engine.

This has been a beautiful day with the mercury at 76°.

ANTI-SALOON LEAGUE.

[Furnished for publication in the Alexandria Gazette by the Ministerial Association.]

The Anti-Saloon League is a union of moral forces whose purpose is the abolition of the drinking saloon, the creation and crystalization of a righteous public sentiment, and the proper enforcement of the laws against public vice, especially the liquor traffic.

The league does not concern itself in any way with purely party politics. It stands for principles, not parties. The league pledges itself to maintain a strictly omni-partisan and interdenominational attitude, and will avoid affiliation with any political party as such, but will support men, both in nominations and elections, who are against the saloon and in favor of right law enforcement. Temperance reform relates itself to the man who drinks, to the State which licenses, to the saloon which sells, and to the local community which tolerates the bar-room. Therefore the Anti-Saloon League has adopted three methods of work, namely:

1. Agitation. No permanent results can ever be obtained until a community is thoroughly convinced of the degrading and destructive character of the saloon.

2. Legislation. The result of agitation must be permanent. The saloon must be put under the ban of the law.

3. When sentiment has been created and crystalized into law, then the Anti-Saloon League declares it to be the duty of the officers of the law to see to it that the laws are obeyed.

The Virginia State Anti-Saloon League will hold "Field Day" in several cities on Sunday, September 15th.

Following are the appointments for Alexandria:

Rev. Howard H. Russell, D. D., of New York city, founder of the league—11:00 a. m., Washington street M. E. Church South, and 8:00 p. m., Grace Episcopal Church.

Rev. M. S. Poulson, of Delaware—11:00 a. m., M. E. Church, and 8:00 p. m. Baptist Church.

Rev. H. H. Barstow, of Rochester, N. Y.—11:00 a. m., Baptist Church, and 8:00 p. m., Methodist Protestant Church.

POLICE COURT.

[Justice H. B. Caton presiding.]

There were but two cases before the Police Court this morning. Two young men had been arrested charged with disorderly conduct and throwing bricks on north Columbus street about midnight several weeks ago. The parties (including some women) had previously returned to this city on an excursion steamer, and it seems that there had been some trouble at the resort which culminated in unconventional language and brick-throwing on north Columbus street, during which a window of a residence was smashed. Officers Beach and Garvey were on duty in the ward at the time, and they, assisted by Officer Bell, after much difficulty, succeeded in ascertaining the names of two young men who were believed to be the originators of the trouble. They also procured the names of several men and two women who were supposed to be material witnesses. The case was called this morning, when it was found that one of the men who had been in custody was not present, and his collateral was declared forfeited. In the absence of evidence against the other man, he was dismissed.

The other case was that of a colored man who had been arrested by Officers Nicholson and Arrington charged with assaulting another colored man. He was fined $2.50.

HOSPITAL BENEFIT.

Tomorrow bids fair to be the biggest day in the history of Luna Park. The committee having in charge the day's celebration are enthusiastic over the prospective crowds. Every detail of transportation is assured and Manager Goodfellow, of the Park, will have many assistants to look after the children during the afternoon. Celfo's concert band will have a special programme and the pavilion orchestra will furnish lively waltz and two step music. Every gate admission will go direct to the hospital fund as will one third of every car fare. It is earnestly hoped that this excursion will be liberally patronized in the interest of so worthy an institution as the Alexandria Hospital. Tickets are now for sale by all King street druggists.

J. O. U. A. M.

James W. Jackson Council, No. 55, J. O. U. A. M., held a largely attended and interesting meeting last night. Two new members were elected and one candidate initiated into the mysteries of the order. Several important communications relating to the approaching session of the convention at Norfolk were read. The Council will hold a special session tonight to take action on the death of Mr. Thomas Dix, who died at the Alexandria Hospital last night.

TO RUN NEXT WEEK.

The electric railway track from Spring Park to the Washington Southern Railway viaduct over King street extended has been laid, and the wires are being placed in position. Everything is ready for the operation of the car which is to run between the union station and the ferry wharf. The car, it is said, will run next week, making a round trip between these points every twenty minutes from early morning until midnight.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

Com. vs. Cluster Wilson, colored, indicted for the larceny of a watch from F. C. Spinks. Jury and verdict of guilty, and prisoner sentenced to serve two years at hard labor on the public roads.

Benjamin Motley, colored, indicted with Wilson, for same offense. Jury, and verdict of not guilty, and prisoner discharged.

OPERA HOUSE.

The Opera House will open for the season of 1907-08 next Monday night, when "The Holy City," with Mr. Clearance Bennett as the star, will be presented. Mr. Bennett is from the old school of actors, having been associated for a number of years with Boothe and Barrett. The company supporting him is one of ability and experience, and those who attend are promised a production of merit.

RIVER NOTES.

On the corresponding day last year he issued 269 permits—120 to colored boys and 149 to colored girls. During the week 1,718 permits have been issued—568 to white boys and 602 to white girls, 241 to colored boys and 307 to colored girls. During the corresponding week last year 1,745 were issued—552 to white boys, 588 to white girls, 274 to colored boys and 331 to colored girls. All the schools will be opened for study on Monday next, and in order that they may be properly organized, no more permits will be issued till Monday the 23rd. After that date, and for the remainder of the session, permits will be issued every Monday morning at 9 o'clock, at Peabody building.

TELEPHONE IN POSTOFFICE.

After a conference with Inspector Smith, of the postal service, Postmaster Burroughs will at once have put back into the Alexandria postoffice the telephones which were recently removed at the instance of the postal inspectors. The reason of their removal was the constant use of the 'phones by people who asked all kinds of questions and who sought information not to be given out at the postoffice, all of which took up much of the time of the employees. The removal of the telephones, however, has been a source of much complaint from the patrons of the office and to accomodate these the postmaster will have them put back.

GREWSOME STATISTICS.

The St. Petersburg Slovo yesterday published statistics regarding the revolutionary movement, prepared by the noted Russian statistician, Dr. Zhdankoff, whereby the number of victims of the "dramatic epidemic" is placed at 47,020, of whom 19,144 were killed.

It is further shown that 2,381 sentences of death were carried out; that 1,350 prisoners committed suicide, and that 21,405 persons were wounded.

The largest loss of life, 12,953, resulted from encounters with the soldiers or police. The anti-Jewish riots numbered 7,962 and there were 4,540 anti-Armenian riots and 2,198 mutinies. The agrarian disorders were comparatively insignificant, being only 533.

The revolutionists assassinated 83 generals or governors, 61 prefects and 8,079 officials of various ranks.

The geographical distribution of the victims was as follows: European Russia, 20,611; Caucasus, 7,394; Finland and the Baltic provinces, 4,929; Poland, 4,345; Southwest Poland, 7,433; Siberia, 2,268.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

SUES HIS DOCTOR FOR $15,000.

Suits for damages amounting to $15,166 were instituted in York, Pa., yesterday by George W. Sterling, a prominent merchant, against Dr. S. K. Pfaltzgraff, of that city. They are based upon the alleged negligence of the physician in treating Mrs. Sterling prior to her death several years ago. Sterling recently pleaded guilty to assaulting the physician upon the street, and his wife's tombstone bears an inscription declaring her death to have been due to her physician's negligence. Both men are prominent Masons, and friends about a year ago made what was apparently a successful effort to reconcile them. Recently the feud broke out anew when Sterling, walking with his four children, passed the physician and deliberately knocked him down. He paid a fine of $50.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.
